## AFFORDABLE SUNDECKS

- Since 1996 -

# NATURALLY THE BEST CHOICE

- Natural Wooden Decking System -

Installing a wooden deck adds a timeless personal dimension to any luxury home or commercial development. The natural beauty of wood dramatically enhances the look and aesthetics of any project. Durable timber is hard wearing, long lasting & can be finished in a wide range of colours to suit any design.

## Affordable Sundecks™ - KwaZulu-Natal's original decking company.

Since its inception in 1996, Affordable Sundecks have grown into one of the three biggest decking companies within South Africa. We have 7 professional, fully trained installation teams - and with quality control being completely supervised by the owners, you are guaranteed of a quality product and service.

Our company has successfully completed many large specialised projects for Blue Chip companies, prestigious developments, as well as thousands of private home installations.

Our decking is built to your specifications, or designed on-site, working closely with you, to ensure overall client satisfaction. All construction is in accordance with the SABS 0400 and 082 as well as NBR standards.
